

## SOME SKIRMISHING WITH THE REBELS

### IN THE WOODS NEAR THE PASIG CHURCH.

Americans Fired a Number of Volleys Which Were Answered With Spirit—Scott's Battery Stirs Up the Enemy—Three Canoes Loaded With Rebels Captured.

Manila, March 14.—[Special]—The Twenty-second infantry had a skirmish with the enemy in the woods near the Pasig church this morning. The Americans fired a number of volleys, which were answered with a spirit. Before the regiment advanced into the woods, Scott's battery stirred up the rebels with a pair of shrapnel shells. The American line then started for Patros, protected on the left by two gunboats. Three canoes loaded with rebels were captured in the Pasig river.

Were Eager For a Fight.

Manila, March 14.—[Special]—Gen. Wheaton's men slept on their arms last night in order to be ready for service at a moment's notice. The troops were early astir and eager for a fray, which came sooner than they anticipated. It was believed the rebels were massing for an attack near the Pasig church and when the order to advance was given, the rebels began a rapid firing. The Twenty-second infantry, which led the column was caught unawares, and then volleys were answered in short order. The rebels kept up a fire for several minutes, but gave way to the rapidity and accuracy of the fire which they met, and the Twenty-second continued to advance while the gunboats shelled the jungles.

Information From Gen. Otis.

Washington, March 14.—[Special]—Gen. Otis this morning advised the war department of the advances made yesterday and today by Wheaton's brigade. He said the insurgents' loss was heavy. Our killed and wounded aggregate thirty-five, most of whom were slightly wounded. The insurgents made no determined stand. Two gunboats captured considerable property.

Shelled the Enemy.

Manila, March 14.—[Special]—Gen. Wheaton shelled the enemy out of Patros and Taguig and occupied those places. The rebels made a strong resistance.

It required a vigorous shelling and a brilliant charge by the Fourth cavalry to dislodge the rebels. One American was killed, one seriously and four slightly wounded. A thousand of the insurgents returned to Pasig today, but were speedily driven out by gunboats. They suffered severely. Many were killed and wounded in this action and many prisoners were taken. A gunboat is now destroying all the vessels in La Guna De Bay.

Manila, March 14.—Gen. Wheaton, after a day of active work, has captured the city of Pasig, east of Manila. The enemy made a final stand in the afternoon for an hour, but at the end of that time made a general retreat.

The Americans lost three killed and fourteen wounded.

The insurgents lost thirty killed and sixteen prisoners. The number of wounded is unknown.

American Killed—Kline, James L., private, Twentieth Kansas; Munson, private, Twenty-second infantry; Stewart, private, Twentieth infantry.

American Wounded—Blazek, John, private, Twenty-second infantry; Doris, Charles, private, Twentieth infantry; Basley, Charles, private, Twenty-second infantry; Folger, L., private, Twentieth infantry; Harmon, Willet, private, Twenty-second infantry; Irvine, Walter, private, Twenty-second infantry; Miller, Thomas, private, Twentieth infantry; Misner, Theodore, private, Twenty-second infantry; O'Brien, William, private, Twenty-second infantry; Piper, R., private, Twentieth infantry; Rhinehard, William, private, Twenty-second infantry; Sumner, C., private, Twentieth infantry; Sharkey, Matthew, private, Twentieth infantry; Thompson, Chris, corporal, Twentieth infantry.

A flying column, consisting of the Twentieth United States infantry, the Twenty-second infantry, eight companies of the Washington and seven companies of the Oregon volunteers, three troops of the Fourth United States cavalry and Scott's mounted battery of the Sixth artillery, commanded by Gen. Wheaton, moved out from San Pedro Macati Monday morning toward Laguna bay, cutting off communication between the north and south insurgent armies. Both Guadalupe and the city of Pasig were captured.

The loss of the Filipinos was thirty killed and sixteen prisoners. Of the United States forces three were killed and fourteen wounded.

Aguinaldo assembled the Spanish prisoners and said he wanted to employ their military intelligence in fighting the Americans. He offered \$4 a day.

One Spanish officer agreed to handle the insurgents' cannon. He took the first opportunity to escape to the Americans.

The American advance began at day-break, the cavalry leading at a sharp trot. A dash across the open brought the column to a clump of timber commanding the rear of Guadalupe. The advance force, supported by the Ore-

gon troops, opened a heavy fire on the rebels, who responded feebly and in a desultory manner. The enemy's fire seemed to come from small groups of men in the surrounding coverts.

The column divided, the right swinging toward the town of Pasig, while the left advanced, pouring a rapid succession of volleys into the bush.

At Guadalupe church a handful of rebels made a sullen stand of several minutes, when they broke and ran for cover.

At 7:30 a. m. the rebels, who had fled to the jungle near Guadalupe, were discovered by a river gunboat moving toward Pasig. Perceiving the situation, the gunboat stowed up, pouring a terrific fire from its gatlings into the bush. At the same time ashore Scott's battery was hurling shells into the native trenches.

All this time the infantry had been pressing forward in extended order. The Washington regiment rested on the bank of the river. As each regiment reached its station it deployed, furnishing its own supports.

The entire column then wheeled toward the river and advanced on Guadalupe, driving the enemy toward his supports. While this maneuver was going on the artillery moved to a ridge commanding Pasig and Patros.

The enemy did not wait for the completion of the maneuver. Before the artillery had unlimbered on the heights it was in full flight along a line over a mile long. Therefore the column ceased firing temporarily, in order to give the troops a rest before attacking Pasig.

When the attack was commenced a heavy rain was falling. The gunboat began the battle, steaming to the firing line and clearing the jungle on both sides. The battery took up a position on a bluff on the right, its first shots being at a range of 1,200 yards. They dislodged a gun of the enemy at Pasig, evidently throwing the natives into consternation.

With the Twentieth regiment lined up on the bluff and the Twenty-second well placed on the left, while the cavalry occupied the center, only a few minutes were required to drive the enemy into the town. The gunboat thereupon steamed around the bend to a point opposite, and the land forces poured a hot fire into the natives. The fire from both sides continued until 2:20. Then preparations were made for an attack on the town, which was taken with a rush, the natives scattering in all directions.

Half an hour later our gunboat started a warm chase of a Filipino armed tug, which was chased to the lake and out of the conflict. At 3:30 the Twentieth regiment moved to a commanding ridge to intercept a detachment of the enemy which had been discovered working around our right flank. The Filipinos were met opposite Patros, but when they discovered that they had been outwitted they bolted. This ended the fighting.

At 5 o'clock the whole American line bivouacked around Pasig. About 700 rebels were then reported marching northward.

The Filipino army is now cut in twain by a powerful column of artillery, cavalry and infantry under Brig. Gen. Wheaton.

This strategic achievement has cut off completely all communication between the northern and southern divisions of Aguinaldo's army.

Gen. Wheaton is now in absolute possession of the ground between the two main wings of the rebel army. Thus divided the insurgents cannot effectively attack or resist the advancing American army.

Monday's was a different sort of warfare from that to which the Filipinos had been accustomed in the last few weeks. Many times they attempted to rally, but the fire from the front drove them toward the river, and there the shells of the light-draft gunboat drove them back again into the less protected ground.

Gen. Otis is determined to open the country from Manila to Malolos, the so-called capital of the insurgents, and to restore order there.

The taking of Malolos will probably mean the capture of Aguinaldo, as it is understood he intends to make a stand there with the remainder of his army.

## ABOLISHMENT OF STATE LAND OFFICE

### SENATE TODAY PASSED BILL UNANIMOUSLY.

It Puts the Work Under the Supervision of the Secretary of State and Provides For Two Clerks and Stenographers, Instead of the Present Fifteen.

Madison, March 14.—[Special]—The senate today passed the bill providing for the abolishment of the state land office unanimously, under suspension of the rules. It puts the work under the supervision of the secretary of state and provides for two clerks and stenographers instead of fifteen clerks now employed; also passed bills providing for the reorganization of the Wisconsin Central.

The bill imposing a tax of ten cents a ton on ships shipped out of the state by non-residents was laid over until Thursday night.

The assembly this morning added the forfeiture of office clause to the anti-pass resolution, and sent it to a third reading. This prepares the way for an interesting dead lock between the two houses, the senate having refused this amendment once. The assembly vote to advancing the bill to a third reading was 53 to 31.

Madison, Wis., March 14.—The assembly Monday passed the Orton bill, making appropriations for education specific instead of on a percentage basis. It provides \$268,000 for the university and \$190,000 for the normal schools. The appropriation will have to be renewed every two years.

The Hall resolution, looking to the adoption of the voting machine, was ordered to a third reading, and one transferring the title of the property held by the state historical society to the state was adopted.

The senate adopted the Mosher memorial to congress for legislation in favor of American shipping.

Among the bills killed was one to give woman suffrage on liquor license questions, to raise the age of consent to 18 years, giving a bounty for the killing of English sparrows and requiring long-distance telephone companies to connect with the local exchanges.

The bicycle baggage bill, which was killed two years ago, will likely go through this year, though the railroads are laboring hard to defeat it.

The barbers' license bill, which passed the house by a big vote, will in all likelihood also go through the senate, but many of the solons think it unconstitutional, because too arbitrary.

Rockford, Ill., March 14.—At the morning session of the Illinois Swedish Lutheran conference Monday delegates to the general assembly to be held in St. Paul in June were chosen. The petition was granted and there will now be the North, South and West Chicago districts.

## Bloomington Miners Quit.

Bloomington, Ill., March 14.—Another clash has occurred between the miners of the McLean County Coal company and the operators. ## MANY STEAMSHIPS ARE LONG OVERDUE

### TO SUCH AN EXTENT REINSURANCE IS IMPOSSIBLE.

New York, March 14.—[Special]—Calculation based on the statement made by the Lloyd's reveals the fact that at present there are steamships bound across Atlantic from the United States overdue to such an extent as to render reinsurance impossible. This means a probable loss of two hundred and fifty lives and about two million dollars worth property. All the missing vessels left on January when the great storm prevailed. The vessels are: Allegheny City, Wakefield Croft, Cora Foster, Loughton, Minister Maybire, Obrien, Port Melbourne.

Liverpool, March 14.—[Special]—The British steamer Hector and Fastnet collided in the Irish sea last night. The Hector is sinking. Her crew is reported saved.

## A PLEASANT FAREWELL PARTY

Given Yesterday Afternoon By Little Marie Murdock.

Little Marie Murdock, daughter of Mr. and Mrs. E. H. Murdock, entertained a few of her youthful friends in the parental home, No. 6 North East street yesterday afternoon from four until six. It was in the nature of a farewell for Miss Estes Hardy, who with her parents, Mr. and Mrs. E. M. Hardy, will soon take their departure for Chattanooga, Tenn. The little guest of honor was presented with a gold ring, the hostess making the presentation very gracefully, in fact the little ones acted just like big folks. A carefully prepared and appetizing supper was served.

Following are the names of those present:

Marguerite Samuels, Edna Murdock, Daisy MacLean, Vera Nolan, Dolly MacLean, Estes Hardy, Maud Murdock, Mildred Holloway, Marian Whitstone, Marie Murdock.

## Apple Jack.

A. J. Beveridge, the newly elected Senator from Indiana, was nicknamed "Apple Jack" by his fellow-students in De Pauw University. It is said that his first fame as an orator was brought about in a novel way. It was advertised in an Indiana town that ex-Governor Beveridge of Illinois would deliver an address. When young Beveridge arrived and saw the flaming posters he did not wish to speak, but finally decided to make the best of it. When the crowd first saw the boy orator they laughed, but as he warmed up their laughter changed to cheers, and right there he made his public reputation as an orator. He has ever since been in great demand. He is a young athletic man; full of vigor and with a mind of his own.

## MCML.

A query has been put forth as to how the year 1900 will be written in Roman numerals. It is to be hoped that mathematical opinion will decide upon MCML. In modern times, at least, all analogies point that way, as may be seen in IV, IX, XL and XC. What a relief this would be from the bewildering MDCCCLXXXIX, which is the manner in which we have to record the present year of grace if we want to be Roman or mediaeval!

## DEBATE ON MONEY QUESTION

Thoroughly Discussed at the Rock River School House.

The return debate between the Burr Oak Literary society and the ex-members of the Rock River Literary society, took place on the evening of March 9th, at the Rock River school house.

The subject was, "Resolved, That the United States should adopt the free coinage of silver at the ratio of 16 to 1." The Burr Oak society was to have taken the affirmative side. The Rock River society the negative.

A large delegation was present from the Burr Oak society, but the debaters of the Burr Oak society failed to appear. So Mr. Joseph Litney, a member of that society, volunteered, and Mr. Alvah Maxfield, a member of the Rock River society, volunteered, and he and Mr. Litney took the affirmative side. Mr. Maxfield was to have been a debater on the negative side, but as the debaters from that society failed to appear, and as they did not want to disappoint the crowd, he volunteered to take part on the other side. While Messrs. H. L. Maxfield and J. C. Wixom took the negative side no judges were chosen. The house was crowded to its utmost capacity.

## Absent-Mindedness.

A French writer engaged upon a profound scientific work rang for his valet. He then sat down and wrote this note: "Kindly send some one to arrest the cook. She has stolen my purse." This he directed to the chief of police. The valet appeared, and while waiting for his master to finish writing, picked up something lying under the table. As he took the note, he said: "Monsieur, here is your purse; I found it under the table." "Ah, just in time; give me the note, Jean." He hurriedly added the postscript: "I have found my purse; it is unnecessary to send any one." and handed the missive to the valet, saying: "Deliver this at once; it is important." He then went back to his writing.—Cleveland Plain Dealer.

## An Unconscious Joker.

A little girl in the Punxsutawney public schools, when asked by her teacher what town in Pennsylvania was chiefly noted for its slate industry (referring to Slatington), surprised the amiable pedagogue by answering: "Harrisburg." "No, no," said the teacher, laughing; "how did you get that idea?" "Why," answered the bright little pupil, "I heard papa say that Quay, Martin and Magee were the great slate makers, and that the states were made in Harrisburg."—Punxsutawney Spirit.

## The War Color for Ships.

Our war with Spain threw much light on the question of the proper color to render warships invisible to the enemy. The best tint was found to be a dull gray with a yellow shade. Ships thus colored blend inconspicuously with the horizon and with the rocks along shore. How nature deals with a similar question is shown by the black and yellow stripes of the zebra and tiger, which render those animals almost invisible amid their habitual surroundings.

## What They Stood For.

The chief of the imperial secret service was assured that he might tell all without fear of getting the federal machine down on him. "The foreign dogs," the chief of the imperial secret service thereupon announced, "are saying your highness stands for mediaeval barbarity!" "Well, we don't stand for fear of bagging our trousers, like some people!" sneered the sultan, heatedly, thus indicating that he was aware of the fall fashions.—Detroit Journal.

## The Sultan's Throne.

The throneroom of the Sultan at Constantinople is a gorgeous sight. The gilding is unequalled, and from the ceiling hangs a superb Venetian chandelier, the 200 lights of which make a gleam like that of a veritable sun. The throne is a huge seat covered with red velvet and having arms and back of pure gold.

The alarm was baseless.

## A Wise Maine Cat.

Portland, Me., reports a cat that will only drink Sebago water from a faucet. When she is thirsty she perches herself on the sink and mews piteously until some one comes to her relief. The faucet is turned on just enough so that the water drops slowly, and the cat cranes her head and as each drop leaves the faucet out goes her tongue like a flash to catch it. Sometimes when the drops come too fast Floss varies her mode of drinking by catching several of them in one paw and then sipping the water daintily therefrom.

## The Last Straw.

Porto Rican Magistrate (an American)—Don Senor Robusto de Confagrasto, this court finds that you are most to blame in your differences with your negro employees. Don Senor Robusto de Confagrasto (pleadingly)—But, excellency, my race are being hounded by these insolents—my race.—Porto Rican Magistrate (interrupting)—Yes, senor, but let me advise you to just behave yourself. A Spaniard is as good as a nigger any day, if he only behaves himself.—Judge.

## Relics of Waterloo.

Jane, dowager Lady Carew, has just entered upon her one hundred and first year. She danced at the Duchess of Richmond's ball at Brussels on the night before Waterloo. Two other ladies still living, at a very advanced age, were present at the ball, Lady Louisa Tighe and her sister, Lady Sophia Cecil. The latter, a child of 6, had been put to bed, but stole out in her nightgown and watched the ball from the banisters. She was the daughter of the duchess.

## Jarndyce V. Jarndyce Again.

An action touching shooting and foreshore rights on the Yorkshire coast near Hornsea has just come to an end in the queen's bench division which was begun in 1877, or over twenty-one years ago, says the Critic. No wonder that one of the counsel, in announcing the settlement, said that he felt as if he were assisting at the burial of an old friend, and he might have added, one who was always good for a little check. Of course, tenfold the original amount at issue has been wasted in the litigation.

## A Witty Gallery God.

At a performance of "Faust" in Cork, Ireland, the gentleman who enacted the part of Mephistopheles was so stout that the trap door was too small to permit his descent to the infernal regions and all of his person above the waist was still visible over the stage. One of the gallery gods, noticing his dilemma, exclaimed: "Beggors, the place is full!"—Council Bluffs Nonpareil.

### AIDED BY MRS. PINKHAM.

Mrs. W. E. PAXTON, Youngtown, North Dakota, writes about her struggle to regain health after the birth of her little girl:

"DEAR MRS. PINKHAM:—It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valuable medicine.

"After the birth of my little girl, three years ago, my health was very poor. I had leucorrhoea badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstruations were very profuse, appearing every two weeks.

"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition, when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and after taking two-thirds of the bottle I felt so much better that I sent for two more. After using three bottles I felt as strong and well as any one.

"I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble."

"Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right conditions need not terrify women.

"The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's address is Lynn, Mass.

He has been much benefited by the treatment received at Battle Creek, Mich. The Woodmen will have a ball at their hall next Friday evening. William Letts paid \$100 to Seth Fisher for a recorded shorthorn heifer. He has also purchased a full blooded bull of Thomas Little. We presume he intends to raise a full blooded herd.

## REGULAR MEETING COMMON COUNCIL

### BUTCHERS WOULD LIKE A SUN- DAY CLOSING ORDINANCE.

**They Think Six Days of a Week Enough to Carry on Business—Captain Pliny Norcross Curious to Know to Whom He Shall Pay Taxes.**

A regular meeting of the common council was held last evening at the council chambers. Mayor Thoroughgood presided and all aldermen were present with the exception of Alderman Burnham, Field, Kothman and Rice. Ald. McLean recommended that the reading of the journal of the last meeting be dispensed with. Carried.

The municipal court report for February was received and referred to the judiciary committee, who reported it back as correct and it was received and accepted.

Eight of the butchers of the city presented a petition to the council to pass an ordinance prohibiting butchers from keeping their place of business open Sundays and carrying on business, which was referred to the judiciary committee. The committee reported in favor of accepting the same and placing it on file.

Alderman Gilkey, of the finance committee, reported favorably on a batch of bills against the several funds. Report adopted.

By Ald. Gilkey—An order directing the city clerk to draw an order on the city treasurer, payable from the general fund, in the sum of \$21.54 in favor of the city treasurer, for taxes of 1898, against the east one-half lot 3, and east five-sixths of lot 4, Mitchell's addition; being the property ordered stricken from the tax roll at the last meeting of the council. Adopted.

Ald. Carpenter, of the judiciary committee, made the following report, which was adopted:

WHEREAS, The Janesville Electric Light and Power Co. has deposited with the city treasurer \$945.04, the amount of its license due the city and the towns of Fulton and Janesville, and

WHEREAS, The Janesville Electric Light and Power Co. desires a distribution of the above amount between this city and the towns of Fulton and Janesville in an equitable and just proportion, we, your judiciary committee, would recommend the following:

That the town of Fulton be paid \$80.00 of the above amount and that the town of Janesville be paid \$10.00 of the above amount as their just share and proportion of amount received, also that the town of Fulton receive a like proportion of the amount received by the city of Janesville as the license for 1897.

Ald. Burnham and Rice in their seats.

Ald. Carpenter introduced an order for the general election, April 4th, which was adopted.

On motion of Alderman McLean, the mayor was instructed to appoint a committee of three to look after the election booths on election day.

Ald. Kothman in his seat.

On motion of Ald. McLean, the city clerk was instructed to notify the Rock County Telephone company to place a telephone in the offices of the city clerk, city attorney and mayor, also in the two engine houses.

On motion of Ald. McLean a telephone was ordered placed in the new lock-up.

Mayor Thoroughgood said now that the city had the lock up he hoped that the police committee and board of fire and police commissioners would get together and formulate some plan so that once in a while a policeman could be found.

Ald. Carpenter moved a reconsideration of the vote whereby the council voted to open Almond street, giving as his reason that a great many did not want the street opened. Only one person wanted it opened. If it was opened the city would have to build forty rods of new road at considerable expense. He did not think it was needed and he wanted to reserve the city's rights. His motion was adopted.

Ald. Carpenter then moved that the petition be laid on the table, presenting a remonstrance signed by a number of people asking that the street be not opened which was received and placed on file.

## ATTRACTIONS FOR THE WEEK

A Week of Pleasure For Janesville Theatre Goers.

WALKER WHITESIDE.

the French of M. Ponsard's great play, "Lion Amoureux," which has been for some time the play at the Theatre Francaise in Paris.

Mantell Tomorrow Night

The famous romantic actor, Robert Mantell, supported by a select company, presenting "Monbars" will be the attraction at Myers Grand tomorrow night. Few actors can boast of the continuous good fortune in productions which has marked the career of Robert B. Mantell. It was in 1883 that the public became interested in the young man who played Louis Ipanoff to Fanny Davenport's Fedora, and the theatrical managers prophesied a new star. It was not an accidental hit. Following a school of drama which had made his early masters famous, he desired to create new roles of the same type, and with the dictatorship of his own stage, came to the front and declared himself for French romance. In the past ten years he has presented many new works, most of which have brought fame and fortune. In selecting such, Mantell made himself a favorite, and stands today in America alone in the excellence of his work.

This is Mr. Mantell's third season under the direction of M. W. Hanley, one of our oldest and most responsible managers.

#### "1492" Friday Night.

Full of color and music, and with its full complement of comedy and feminine beauty, "1492" was welcomed at the Detroit Theatre by an audience that fully tested the capacity of the theatre. This production of the familiar and popular extravaganza, beside possessing all the features which were factors of its attractiveness when last here, has been enhanced by a series of beautiful and artistic living pictures, which are lighted up very cleverly. In the performance the impersonation of Isabella by Stuart is the most remarkable feature, and it is made remarkable not only by his appearance, but by a voice which can truthfully be described as soprano, and which is used with an effectiveness generally conspicuous by its absence from such impersonations.

Woman's pains, so hard to bear, are quickly and safely relieved by "Orange-line."

## ENDS SAMOAN DIFFICULTY.

The Three Powers Have Reached an Agreement.

## RAFFEL TO BE TURNED DOWN.

Dr. Wilhelm Solf to Be President of the Municipal Council in the Islands—Great Britain and America Recognize the Wisdom of the Choice.

Washington, March 14.—After numerous conferences and the exchange of notes between Secretary Hay, the British ambassador and the German ambassador, a satisfactory understanding has been reached between the three powers interested in Samoa as to the conditions there. This seeks to open a new account in the affairs of Samoa and to obliterate the troubles among officials there. To this end Dr. Wilhelm Solf, who has been nominated by Germany as president of the municipal council at Apia to succeed Dr. Raffel, will be recognized by the British and United States authorities.

The officials of the three powers have decided not to attempt a settlement of the Samoan kingship for the present. That is left open for adjustment when each of the three powers have had opportunity to present full information. In the meantime the status quo is to be maintained.

The last advices indicated that Mataafa was exercising de facto kingship, while Malietoa was on board the British ship Porpoise, and had the support of the British and American authorities. According to the understanding reached, there will be no move to permanently establish one or the other of these claimants on the throne. The best wishes of the Samoan people will be consulted, and with a more agreeable feeling among the officials of the three powers the kingship will be settled by a full conference as soon as all the information on the subject is obtained.

In the conference leading up to the present understanding Dr. Raffel was recalled from his post at Samoa last November, but he persisted in staying after his recall, and his presence appears to have had much to do in precipitating the trouble.

## Senator Criticizes a New Law.

Terre Haute, Ind., March 14.—Senator Early says the most vicious piece of work done at the recent session of the legislature is the law exempting from taxation mortgage indebtedness on real estate not exceeding \$700. The bill was passed at the request of the State Federation of labor. Senator Early says the law will take off the tax duplicates in the state not less than \$50,000,000. It is expected that a case will be speedily raised, and Senator Early thinks the courts will declare the law invalid.

## Chicago Live Stock Market.

Chicago, March 13.—Much heavier receipts of cattle than expected came for the opening trade today, while arrivals in other branches fell below the popular estimates. Values for cattle stood mostly 10c lower and the late hog trade was slow at 5c decline from morning prices, though average prices for both sheep and hogs stood about same as late last week. Opening receipts this week stand about 19,000 cattle, 32,000 hogs and 16,000 sheep. Later trade in cattle and hogs had very sluggish current at the reduced prices noted, but sheep and lambs were all bought up in good season at the best prices paid this year.

## SPEAK OUT

The Search Light of Publicity Is Pleasing Janesville People

Publicity is what the people want. Let the people speak on the subject. There has been too much claim, to little proof.

Claims made by strangers is not proof. There is only one kind of proof for a Janesville citizen.

That is the experience of people we know. When friends and neighbors endorse, make public statement of their case. There can be no question about such evidence.

This is the convincing proof we have. Which backs every box of Doan's Kidney Pills.

No other kidney pills, no other kidney remedy. Can produce such proof.

Here is one case of the many we have:

Mr. E. Dillenback, of 126 Milton Ave. retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

## MUSICIANS GAVE FIRST BANQUET

## DELIGHTFUL SOCIAL FUNCTION LAST EVENING.

Twenty-Three Members of the Y. M. C. A. Band Enjoyed a Spread at the Association Building—Will Hold Them Once a Month—Several Toasts Offered.

Twenty-three members of the local Y. M. C. A. band held a most interesting banquet last evening at the association building. It was the first of a series to be given by the members of this well known musical organization, the object being for mutual benefit along the line of music.

At 7:30 o'clock Toastmaster J. S. Taylor announced the toasts of the evening, and the program that followed proved of special interest to every member present.

F. P. Lewis took for his toast, "Success," and the able manner in which he handled his subject in reference to music, brought forth loud applause.

Dr. H. A. Palmer was next on the program, and the topic that he handled in such an able manner, was in reference to religion as applied to music.

Two readings on musical subjects followed, being in the hands of Leslie Williams and Mr. Erickson.

A musical number which proved to be a delightful trombone and baritone duet was ably executed by L. A. Williams and Arthur Clark.

A quartette of brass in the hands of W. W. Brunson, St. Kent, Harry North and Arthur Clark was rendered in a way to bring forth merited applause.

The merits of reeds instruments were ably shown by the following quartette: F. P. Lewis, Glen Coleman, H. A. Brunson and Cecil Duke, which finished the regular program.

A general discussion followed on the subject of the ideal Y. M. C. A. band, led by Oscar W. Rucklin.

F. P. Lewis was appointed to preside over the next banquet which will be held on the evening of April 10.

The menu last evening was all that could be desired and nothing was neglected to make the event long to be remembered.

It is the intention to hold these banquets once a month the expense being with the twenty-three members.

The Y. M. C. A. band is today an organization that the citizens of Janesville may well feel proud of and are entitled to the highest of praises.

## CURIOUS MONUMENT.

Old Iron Anvil with a Sledge Hammer on Top.

One of the queerest tombstones ever designed to mark the grave of a man is now on exhibition at the ship hardware store of William H. Whiting & Co., on the northwest corner of Pratt and South streets, says the Baltimore News. It is an old iron anvil, with a sledge hammer laid on top of it, and will mark the "last resting place" of John G. Angelo, an 84-year-old ship-smith of Pocomoke City, Md. Angelo was born at Woodbury, N. J., on Aug. 22, 1815, and began his apprenticeship as a blacksmith on June 28, 1828. When he had served out his apprenticeship and reached the age of 21 years his employer presented him with the anvil and hammer on which he had done his first work. He has used it continually ever since. A few weeks ago he conceived the idea of using it as his tombstone, so he made an iron handle for the old hammer and fastened it with a metal peg to the top of the anvil. He also attached three links to the handle of the hammer, which is supposed to indicate that he is an Odd Fellow. He then sent the anvil and its attachment to the Whiting firm to galvanize, in order that it might not be rusted away by exposure to the weather over his grave. It was a difficult task, and it had to be dipped in a mass of seventy tons of molten zinc before it was successfully accomplished. He wrote to the firm not to spare any expense to make a good job of it, but they will make no charge for their work. Angelo is still working every day for two shipyards at Pocomoke City and is as hale as the youngest of the men about the yards. He is a skillful workman, and although bent with age, he wields a heavy sledge with power and dexterity.

# ROCKFORD BOYS BADLY PUNISHED

## HOME TEAM ENJOYED REGULAR WALK AWAY.

Lads From the Forest City, Y. M. C. A. Basketball Team Ran Up Against the Real Thing Here Last Evening—The Score Was 43 to 10 in Janesville's Favor.

Members of the Rockford Y. M. C. A. basketball team are at present a much wiser lot of young men than they were yesterday at this time.

When they lined up against the members of the Janesville Y. M. C. A. team in the local gymnasium last evening they were shown many points about the game that they never dreamed of before. The story may be better summed up when one takes into consideration that the score was 43 to 10 in favor of Janesville.

The home team could even have made this score look more like a general massacre had not they taken pity on the visitors and allowed them several baskets by purposely fouling.

At 8:20 o'clock the two teams lined up for action and as to height and weight they were about evenly matched.

On the first toss up Janesville easily put the ball into the Rockford territory and there it remained during the greater portion of the evening.

The ball was constantly going toward the visitors' basket and it soon got to be such an old story that every time the home team made a basket it failed to bring forth applause.

For the visitors, Anderson and Wright played well, but they lacked support. The Rockford boys did but little skillful team work and when they did secure the ball they seemed to be at a loss to know what to do with it.

Each and every member of the home team played a good snappy game. Kimball, Nott and Matthews all threw baskets from the center of the field. Fred Palmer and Roy Palmer did themselves proud whenever the opportunity presented itself. Henry Carpenter as umpire, acted in a fair and impartial manner. John Sinderson, of Rockford, as umpire and J. R. Hughes as referee, gave the best of satisfaction.

Among those present from Rockford aside from the players were:

John Sinderson, J. R. Hughes, John Johnson, A. W. Fittus, Asa Cutler, E. L. Tucker, Humbert Pagnana.

The teams lined up as follows:

ROCKFORD.			
Baskets.	Field.	Throws.	Fouls.
Clark, F.	1	0	2
Anderson, H.	1	2	3
Bilsborough, C.	0	0	1
Day, F.	0	0	1
Wright, J.	0	0	1
Total	2	2	8

JANESVILLE.			
Baskets.	Field.	Throws.	Fouls.
Palmer, F.	1	0	3
Matthews, J.	4	3	4
Nott, E.	12	0	1
Palmer, R.	1	0	2
Kimball, J.	2	0	2
Total	20	3	12

After the basketball game there was a practice game of indoor base ball between two local Y. M. C. A. teams.

Thursday evening the local team play a return game in Rockford.

## MUCH GOOD BUTTER MADE IN OLD ROCK

### DETAILS OF THE MIDWINTER FAIR MARKINGS.

Many Exhibitors Lost Points Because of Wrong Methods in Preparing Packages—Prof. Decker's Comments of Much Value—Where Changes Should Be Made.

The butter judging at the midwinter fair was one of the most instructive features of that notable affair. Professor J. W. Decker, who judged the exhibits is one of the best judges in the country. He has judged such displays in all parts of the United States and in Germany.

In reviewing the butter display in Janesville he did more than to make figures. He gave many suggestions as to how the standard in Rock county should be raised. His comments on individual cases are full of value as showing the faults to be most avoided. Exhibitors names are not given, in conformity to the fair committee's rule, but the ticket number will permit each exhibitor to recognize his own lot. The house adjourned to 10 o'clock this morning. The senate convened at 5:30 Monday, with only a few senators present. No business was transacted. An adjournment was taken to 10 o'clock this morning.

Happy is the man or woman who can eat a good hearty meal without suffering afterward. If you cannot do it, take Kodol Dyspepsia Cure. It digests what you eat, and cures all forms of Dyspepsia and Indigestion. People's Drug Co., Main and Milwaukee streets.

## New Regulations As to Home Seekers Exemptions.

Home seekers' excursionists may now return any day within the twenty-one days limit. Round trip excursion tickets to Iowa, Minnesota and Dakota points, and to points in southern, south-western, western and northern states, with a twenty-one day limit at half fare plus \$2, will be for sale by the Chicago, Milwaukee & St. Paul R'y on February 7, 21, March 7, 21 and April 4th and 18th.

You'll never get tired, fagged out, disappoited, unhappy or make mistakes in marriage, if you use Rocky Mountain tea. Smith's pharmacy. Kodak agents.

Mr. C. A. Storer, Virginia Pharmacy, Chicago, writes: "Orangeine" has a place equalled only by some of the oldest remedies."

## Fall to Elect a Senator.

Wilmington, Del., March 14.—The general assembly failed to elect a United States senator to succeed Senator George Gray. The failure places the republican party in a most discouraging position for the future, the Adickes combination declaring that they will never again vote with the regulars, but will always put a ticket of their own in the field, beginning with the city election here next June.

## Battleship for Japan.

Glasgow, March 14.—The Japanese battleship Asahi was launched from the Clydebank shipyard Monday. She is 425 feet long, of 15,200 tons displacement, and 15,000 indicated horse power, and is to develop a speed of nineteen knots. She will be armed with 12-inch guns in two barbettes and a large number of quick-firers. The ship was named by Mme. Kato, wife of the Japanese minister.

## Heavy Levy on Stockholders.

Washington, March 14.—Comptroller Dawes, after an expert examination of the condition of the National Bank of Illinois, and appraisal of its assets, has ordered an assessment of 100 per cent against all its shareholders. As the outstanding shares represent a face value of \$1,000,000, this assessment is expected to bring that amount into the bank's assets available for liquidating its indebtedness.

## Full Time and Raised Wages.

Anderson, Ind., March 14.—The American Steel and Wire company of this city has received an order for barbed wire from a South American firm for 1,000 miles of fencing wire ten wires high. The mill is now operating full capacity for the first time in a year, and all employees have been given an advance in wages of from 8 to 10 per cent.

## Illinois Men Are Homesick.

Washington, March 14.—The Ninth Illinois regiment, now stationed in Havana, is homesick. Col. James R. Campbell is here to plead the soldiers' cause. Many members of the regiment will re-enlist, Col. Campbell says, but the majority, especially the Chicago men, have had enough of garrison duty in the tropics.

## Coal Sent to Dewey's Fleet.

## American Hospital in Cuba.

Washington, March 14.—Miss Clara Barton and the executive committee of the National Red Cross announce that they are to undertake at once the completion of the work of relief in Cuba, begun a year ago, but since interrupted by hostilities between Spain and the United States. The service is to be auxiliary to other relief work by the government, and purely of a hospital nature and to shelter the homeless and care for the sick.

## Going it Blindfold.

The man who deceives himself with the thought that grip is nothing but a severe cold, and cajoles himself with belief that old fashioned home remedies will bring him through all right is going it blindfold. LaGrippe is a disease quite as contagious and equally as dangerous as scarletina or small pox. Unless the grip germs are promptly eradicated by the proper treatment they will leave the system filled with poisonous products which continue to destroy the nerve forces and waste the vitality and strength until some chronic disorder claims the unhappy victim for an early grave.

Dr. Miles' Nerve is the only safe and sure relief for the many forms of nervous disorders which are the result of grip poisoning. It enables the digestive organs to do their work completely and effectually, providing rich, red, highly vitalized blood, which builds up the wasted tissues and drives out the poisonous products of the terrible little disease germs.

The grip was followed by nervous prostration which soon developed into sciatic rheumatism and lay on my back all winter. Two of our best physicians were unable to do anything to relieve my suffering. The pains were so severe at times that I was unable to turn over in bed and my long suffering nearly drove me mad. After trying several "cures" I commenced taking Dr. Miles' Nerve, and I got relief from the first bottle. Six bottles restored me to better health than I had enjoyed before in years.

FRED MYERS, Redfield, S. D.

A trial package of Dr. Miles' favorite treatment of the grip, consisting of Dr. Miles' Restorative Nerve, Dr. Miles' Anti-Pain Pills and Dr. Miles' Nerve and Liver Pills, will be sent absolutely free of cost to any person sending name and address on postal card, requesting the samples and mentioning the name of this paper.

## Does Coffee Agree With You?

If you drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week I would induce me to go back to coffee. It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer. Follow directions in making it and you will have a delicious and healthful beverage for old and young. Be and Be."

## CUBANS CHEER GEN. GOMEZ.

Have Old Leader Is Hailed as a Martyr.

## THE ASSEMBLY DENOUNCED.

Massive Crowd Turns Out at Havana to Show Its Indignation at the Treatment Bestowed on the Veteran Revolutionary—Gen. Brooke's Probable Action.

Havana, March 14.—Gen. Gomez has said nothing of his hold on the Cuban people. Despite the prohibition of the government, more than 15,000 men and women marched out to Quinta de Molinas Monday afternoon and made a frantic protest against the action of the assembly in dismissing the general from command of the Cuban army. The palace grounds were filled with their utmost corners with a hysterical mob, which more than once threatened to break bounds and control in eagerness to approach the aged chief, who addressed it from the balcony.

Gen. Gomez contented himself with beating the language and sentiments of the manifesto published yesterday, continuing to insinuate in addition that he was not hopelessly wedded to a idea of immediate retirement. "I am my adopted country," he said; "so long as she needs me I shall desert her."

Gen. Brooke is in correspondence with Washington touching the dispute between Gomez and the assembly, and his impression prevails at headquarters that the governor will take the matter into his own hands, suppress the assembly and make Gen. Gomez dict agent in the distribution of the \$500,000 and the disbandment of the insurgent force.

**Assembly's Act Denounced.**  
Santiago de Cuba, March 14.—Much excitement prevails in Santiago owing to the action of the military assembly in dismissing Gen. Gomez from the command of the army. Cubans of all classes emphatically repudiate the assembly's proceedings, declaring that it does not represent the national mandate, and that no attention should be paid to its acts by the American government.

**Distribution of the Money.**  
Havana, March 14.—Gen. Gomez has indicated to Gov. Gen. Brooke whether he will go ahead with the distribution of the \$500,000 as if the military assembly did not exist, although disposition is to do so. But if he decides, the plans for distributing the money will be carried out as arranged before his deposition.

**May Force Cubans to Disband.**  
Havana, March 14.—Should a portion of the Cuban army support the military assembly in rejecting the Gomez-Por agreement, and in refusing to disband without a larger sum than \$3,000,000, forcible disarmament, in the opinion of Americans well qualified to judge, would follow.

**Will Return the Battle Flag.**  
Indianapolis, Ind., March 14.—Gov. Austin has decided that he would go to Austin, Tex., early in April, in company with members of his staff and representatives of the state legislature, to present to the Texas legislature the battle flag captured from the Texas rebels by an Indiana regiment during the war of the rebellion. Gen. John Wheeler, it is announced, has accepted an invitation to be present and deliver an address.

**Would Return Victors.**  
Washington, March 14.—It is expected that Gen. Otis will be authorized to organize three or four regiments of provisional army out of the volunteers from the various states now at Manila when the time comes for mustering out these volunteers. At present the volunteers, it is stated at the department, do not want to come home, having the American determination not to "retreat while under fire."

**Would Appeal to the Powers.**  
Madrid, March 14.—Gen. Rios, the Spanish commander in the Philippines, an official dispatch acquainting the government with the fact that Maj. Otis has stopped the negotiations for the release of the Spanish prisoners in the hands of the rebels, says: "protest in the name of humanity and love that the time has arrived to deal through the consuls to the good ends of the powers."

**To Confer on Gerryman.**  
Springfield, Ill., March 14.—The republicans of the general assembly will determine this week whether any further effort shall be made to pass a congressional apportionment bill. A house committee will meet Wednesday to ascertain the extent and length of the opposition to the pending scheme.

**Snow Blockade Broken.**  
Milwaukee, Wis., March 14.—The roads operating in the northern part of this state have succeeded in making the snow and ice blockade, the trains are coming in on schedule. The train from Ashland was 12 hours late and the train from Ishing was eight hours behind time.

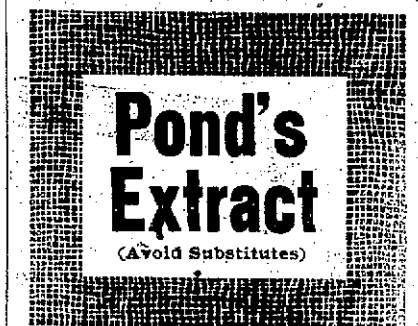

Before the discovery of One Minute Cure, ministers were greatly distressed by coughing congregations. Now use it now. People's Drug Co.

**Vessel Is a Total Loss.**  
Yarmouth, N. S., March 14.—The steamship Castilian, which ran on Gannet rock ledges Sunday morning, is doomed to destruction. A heavy gale came up during the night and the steamer was driven tight into the rocks, where she lay, rent asunder by the storm, and the swelling grain within the holds, which caused her to burst forward. The grain washed into the sea from the fore holds, and 200 sheep were drowned. Capt. Barrett and all his officers and men abandoned the vessel. The loss on vessel and cargo will reach \$1,150,000.

**Census of Cuba to Be Taken.**  
Washington, March 14.—The administration has decided to take a census of the island of Cuba as complete and careful as that taken in the United States. A census is found necessary to determine who are qualified voters before the election is held to establish a representative government.
